When the Pulse is Full.
Oh, happy are the hours—when the pulse is full
Time passes over flowers—when the pulse is full
Where'er our fancy wanders,
We are sure to meet with friends,
And there's nothing that offends—when the pulse is full.

But weary are the hours—when the pulse is low,
And few and far the flowers—when the pulse is low,
Where'er our footsteps range,
Comes the chilling breath of change,
And the best of friends look strange—when the pulse is low.

Morn cometh with a dance—when the pulse is full,
There is music in her glance—when the pulse is full.

Life, then, is something worth,
There is pleasure upon earth,
There is beauty, song and mirth—when the pulse is full.

Yet man, we're often told—though his pulse be low,
Is himself the true gold—when the pulse is low.
But the saying is not true,
For the blindest yet may view,
Man's friends are of the few—when his pulse is low.
—CHARLES SWAIN.

General Items.

Oakland now boasts of a total population of 29,000, as shown by the census taken last month.

The Safford tunnel, on July 4, 1875, reached a length of precisely 10,000 feet, or half its proposed length.

A. T. Hawley, editor of the Los Angeles Star, who was stabbed recently, has passed the crisis and will probably recover.

The Carlisle are still being beaten on and on the retreat. They were defeated at Trevano, losing 400 killed and sixty prisoners.

The Great Eastern steamship has been chartered to run between Liverpool and Philadelphia during the continental.

A railroad collision occurred near Brooklyn, New York, July 5th, and ten persons were killed and twenty-seven injured.

William Carter has been convicted of poisoning the family of Wm. Lutz, of Yuba county. The jury was out but twenty minutes.

San Francisco has 222 boys in its Industrial School, 331 men and women in its town jails, and some 30 girls in its Magdalen Asylum.

Daniel G. Lohdell, San Francisco Special Agent of the Treasury Department, died at Washington on the 5th inst. after a short illness, age 67 years.

It is the mind that makes us rich and happy in what condition we are, and money signifies no more to it than it does to the gods.

During the half year ending with June the sum of \$3,551,000 in gold coin was imported into the San Francisco Custom-house for duties on imported goods.

The town of Lodi and vicinity, in the Department of Calaveras, France, has been damaged to the amount of two million francs, by the late flood.

Never set your feet in a dirty and crooked path for the love of money. It is a work that will bring but loss, if you wish to seek honest out of this life.

W. C. Ralston, says the San Mateo Times, after having spent many hundred thousand dollars on and about the place, has quit Belmont, rumor says, forever.

To cut glass in any shape without a diamond, hold it quite level under water, and, with a pair of strong scissors, clip it away by small bits from the edges.

General Frank P. Blair died July 9th. Although the General had been sick for a long time without any hope of his recovery, his death was somewhat unexpected.

A man named Watkins, working on the Coffee Creek ditch, Trinity county, came across a den of rattlesnakes the other day and killed sixty five in a half hour's time with a club.

Bidwell is assessed thus: On land and improvements, \$300,000; on library, \$100. The Santa Rosa Democrat says this is altogether a little library for so much land, in the case of a man who wishes to be Governor.

The trial of Lee and Darnie for participation in the Mountain Meadows massacre, commences to-day at Beaver. It is thought it will be a difficult matter to get a jury. Lee acts childish, and spends most of his time crying.

Bidwell, in his Chiles speech, the other night, said he and his party could manage their own affairs without the aid of any foreign element. The Duke did not particularize Germans, Irish, or French; he simply said "foreign element."

A Washington special says, that the Radical Congressional Committee, through its secretary, is sending out to all the political officials of the country a demand for one per cent of their salaries, for the carrying on of the full campaign.

A terrific rain-storm, accompanied by hail, has visited the Canton of Geneva and the French frontier. The hail-stones were of unusual size, killing and wounding several persons, destroying crops, and damaging other valuable property.

General Bidwell subscribed \$1,100 to the Orphans' Home, but when it came to paying the money he was not there, and he has to this day never paid a cent of his contribution. If this be the case, it is a disgusting display of treachery.

The old steamer Senator, which has earned more gold than it can carry, is being overhauled and refitted at an expense of \$15,000 by Goodall, Nelson & Perkins. The stolen tin boxes are accounted for when they were first sold, over a quarter of a century ago.

The San Francisco Chronicle comes out strongly in support of the Independent ticket, and calls it the "people's Republican ticket." It says that organization is the real Republican party, and will be admitted into the National Republican Convention next year.

The Executive Committee of the National Grange after considerable discussion of the National Grange from Washington to Louisville, Ky. They also resolved to hold the next meeting there on the third Wednesday in November.

The Democratic State Central Committee organized by the election of Col. Peter Donahue, Chairman, and Col. J. E. Maynard, Secretary. The Executive Committee was appointed, composed of Judge Leander Quinn, Col. J. P. Hoge, H. F. Williams, E. Connors and T. M. O'Connor.

The Evening Argus of Brooklyn, in an article on the estimated cost of the late Tilton-Beecher trial, calculates the aggregate cost at \$140,000. Of this amount Beecher's expenses have been not less than \$70,000, while Tilton is out of pocket some \$15,000, which amount, the Argus says, he will make up as soon as the lecture season commences.

An enthusiastic meeting of the new holders of Plymouth Church was held on Wednesday evening, at which a resolution was adopted an antislavery, increasing Mr. Beecher's salary to \$105,000 a year. It is generally understood, among the congregation, that this enormous salary is only for this year, and is mainly intended to help defray the expenses of the trial.

A pigeon shooting match between Bogardus, of Illinois, and Richard, champion of England, took place at Hendon, England, on Wednesday, and was won easily by the former. The provisions of the match were that each should shoot at 30 birds, 25 partridge, from 5 traps 5 yards apart. Bogardus killed 30 to his opponent's 28. Bogardus challenges all England.

The San Fernando Oil Company, while sinking for oil near San Fernando, have struck an immense stream of water, which raises five feet with a nine-inch stream. The flow is very fast, estimated at from 2,000 to 4,000 barrels per day. The company propose to abandon the well for oil, and to sink at another point. The water of this extraordinary well will be utilized for irrigating purposes in the valley below.

At San Francisco, on Saturday night, the Democracy mustered in strength at Union Hall, to rally the nominations of the State Convention and to formally inaugurate the campaign. There was additional space for perhaps 1,000 persons when the meeting began, but soon after the proceedings opened the hall was crowded. The meeting was addressed by ex-Governor Haight, Lieutenant Governor Irwin, Ryland, of San Jose, Dr. Shorb, of San Francisco, and others.
